reliability and stability, inasmuch as he had controlled POLLARD's informant status at the Maremont Corporation. Both FRANKS and HIXSON, ELLSWORTH advised, characterized POLLARD as "jumpy, but solid"; "as an informant who gives good information, tends to dramatize."

On the contact of POLLARD on 12/3/64, POLLARD was seen driving a 1955 Plymouth, four door green sedan, 1964 Texas license FE 5593. Enclosed letterhead memorandum is classified "confidential" inasmuch as information furnished by DL T-1 could reasonably result in the identification of a confidential informant of possible continuing value and compromise his possible future effectiveness. INTC, OSI, and Secret Service have been advised locally and have been furnished two copies of enclosed letterhead memorandum.
